

Langafel CEP School

Term 2 Achievement Cards Information

Our Achievement Card helps your child's class teacher share information about how your child is attaining and progressing with their learning, as well as showing their overall effort and behaviour using a sliding scale.

Progress Scales

All children in Years 1 to 6 will be assessed as to how well they are progressing against the National Curriculum in that year's Programme of Study and this will be indicated on the Achievement Card. For example, a Year 1 child will be assessed as to where they are in the Year 1 English and Maths Programme of Study. There are 7 coloured bands on the card which match the colours of the rainbow. **The expectation for the end of the year is Green.**

At the end of Term 2, Orange is expected progress with Yellow being above expected progress. If your child is still Red it may be that there is not yet enough evidence to prove they are secure enough with their understanding in that subject – it does not necessarily mean that they will not reach Green by the end of the year.

Effort and Behaviour

On the effort and behaviour scale they should aim to have an arrow placed in the middle of the scale or above. The further to the right the arrow is (nearer to the smiley face) the more effort and positive behaviour a child is displaying.

Attendance

Attendance should be above 96% as this is Langafel and the government's target. Children with low attendance do not achieve as well as those who attend school at least 96% of the time.

Child's Own Comments

Achievement Cards also offer an opportunity for your child to share at least one aspect of their learning which they are particularly proud of from that term and they will also choose an aspect of their learning which they want to develop in the coming term.

Achievement Cards are only a 'snap shot', so if you have any questions relating to your child's card, do not hesitate to come in and see your child's class teacher who will be happy to talk through the reasons behind their assessment.

Achievement Cards are only *one* of the ways we report to parents and carers about attainment and progress, remember you do not need to wait for a parent/carer open evening to hear how your child is progressing or attaining in school, you can always make an appointment to see your child's class teacher or email them if you have any questions.

Kind regards

Mrs C Woodbine
