Langafel's Terracycle Collection List

Terracycle is a specialist recycler of flexible plastic packaging who work with companies in order that they are responsible for their products' waste packaging. Langafel is only a member of the recycling collections listed below, although there are many more.

Helpful hints

- Please keep wrappers/packaging as flat as possible
- Please empty as much of the crumbs out as possible.
- Pringles tubes can be squashed.
- Packaging sorted into the different collections is helpful, but not essential.
- Some collections/sponsors are more flexible than others with what they will allow in their collection i.e. if you compare Pladis and Pringles below.

Wrappers NOT accepted include frozen food bags, cellophane, flexible plastic packaging from fruit, vegetables and potatoes, bubble wrap, cling film, fridge raider bags, seed and dried fruit bags, cereal bags. All the wrappers/packaging listed here can be recycled at local supermarkets.

Biscuit, cake, cracker and snack wrappers (sponsored by Pladis/McVities)

Any brand of biscuit, cake or cracker soft plastic wrapper including the inner and outer packaging. Also included is any plastic wrapper from any kind of food considered a snack such as snack-o-jacks, rice cakes, cereal bars, soreen etc. This scheme also accepts more crisp-like snacks such as Cheddar, Fish n Chips, Cheeselets as well as any crisp-like packet that contains 'crackers' such as prawn or sweet chilli.

We can no longer take crisp packets.

Bakery (sponsored by Warburtons)

This includes all plastic bread bags and all plastic bakery wrappings of which there are many.

As a separate scheme, but under the heading of bakery, Warburtons also sponsor recycling of their waxed paper bags, but **only** the Warburtons brand. The clear plastic window in other brands of waxed bread bag is acceptable though.

Pringles tubes (sponsored by Proctor & Gamble/Kelloggs)

This collection is **only** for the metal bottomed Pringles brand now and does not include the paper and plastic lids OR tubes with card bottoms.

Ferrero Rocher (sponsored by Ferrero)

Only Ferrero Rocher packaging is accepted and no other chocolate box packaging. Rocher will accept all of their packaging, including the foil wrappers and plastic inner trays just not the paper cases. This scheme also accepts Ferrero Rocher ice cream wrappers.

Kinder (sponsored by Kinder)

This includes all flexible plastic and rigid plastic packaging, chocolate wrappers and foil wrappings for Kinder products. No other brand of sweet or chocolate wrappings are included.

Thank you for supporting this recycling scheme and the school.
